IMPOURE A STATE OF THE PRODUCT OF THE PRODU er or less extent stockholders) will wish every part of the Domain cultivated in the best manner possible, and all branches of manufactures prosecuted with the greatest method, order and economy; for the better all this is done, the larger will be the interest which each one will receive upon his stock. This will be one source of concord, for people in Association will desire large dividends as at pres-

ent. Each individual would also wish that the edifices, implements, machinery, &c. should not be injured, for if any damage was done to them, the amount of repairs would have first to be deducted, which would diminish the interest upon the shares. What each individual member wished, the entire Association would wish; and as a consequence there would be perfect concert of action not only in cultivating the Domain and in prosecuting Manufactures, but in taking the greatest care of the edifices, flocks, &c. No one could injure his neighbor without injuring himself; and no one could promote his own welfare without promoting at the same time the welfare of all the

owering and at times a threatening appearance.— Monday evening, a little rain with excessive heat Ju-

stormy and every thing seemed to indicate an abundance of rain.

few minutes before 5 in the morning by another

the greatest violence: many houses have been so much shaken that they threaten every instant to hood of the town very great damage has been done.

this city, which was so violent that most of the houses in it were thrown down. At the same time, in consequence of the shock, a fire broke out in the apothecary's shop of Mr. Invernezzes and consumed in a few minutes an entire block. The flames destroyed every thing that came in their way; there was not a drep of water in the

All the houses which have not been burnt down have been injured by the earthquakes, and this morning the shocks occur every quarter of an hour. The sheps of Madam John Joufletts and M. Dupuy have fallen a proy to the flames. The shops of M. Richard Dauphin and M. Oster, built of stone and brick, have fallen down. Houses and shops are inaccessible, and we write these hurried lines in the street. The whole population has passed the night in the middle of the streets. Of the merchandize, which the merchants had been obtged to pile up in the public square, a great part has been stolen. It is impossible at present to estimate the extent of the loss. The church, the prison, the national palace, the treasury, the arsenal, and the house which was getting ready for the colonel commanding this district,

are now nothing more than a heap of ruins. In short, no one has escaped the calumity Now. while we are writing, the fire is entirely extin-guished, but the sky looks threatening, and we are afraid of more shocks. If unfortunately our fears should be realized, there will be an end of the few houses remaining standing, and Gonaives will be

The first and prinsipal shock lasted about five minutes and was followed during the night by more than twenty sthers which, though not so violent,

It is now 8 o'clock in the morning. Not half an hour has passed since we had another violent shock. The number of persons killed and wounded is not yet known. All the prisoners who were not were equally fearful. buried under the ruins of the prison, have escaped. God grant that the Capital may not have been at-CAPE HAITIEN, Wednesday, 6 o'clock P. M.

Most deplorable news is spreading throughout the city. It has been brought by Mr. Ohas, son of the General commanding the district of Plaisance. In consequence of the earthquake which was felthere on Saturday evening. Cape Town has entirely disappeared, and with it two-thirds of the population. The families which escaped this disaster mave taken refuge at La Fossette, where they are without shelter, clothes or provisions.

Such is the news circulating in town, and which, anfortunately, is probably too true. It is to be noped, however, that it will not be confirmed in its full extent.

It is said that the President of Hayti has given orders to the physicians and officers of health attached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and the first and the constraints of the physicians and officers of health attached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital, to set off this evening and tached to the hospital to the tached to the hospital tached to the

shocks were again full, but not as violent as the months saw him legally entitled to enter the door first, one at 10 o'clock and the other at 12. At 11 of that room, for attempting to steal a peep inte block, mass at church interrupted, and those offi-liating at it ran away, and many females fainted, own, the hymeneal chains. Moral—Let no man
